Established in the year 2011, Canpac has come a long way since its inception. With over 08 years of experience on both technical and management grounds, Canpac has successfully created its own culture that resonates the core values and ethics of the company.

Over the span of two decades, we have witnessed the progressive shift of the packaging industry and have evolved with it. We started our journey with a small-scale packaging venture which gradually stretched to two prime corporate zones of India, Gujarat and Tamil Nadu.

Today, we are a globally dominant printing and packaging company that employs more than 700 people and over a hundred technical experts to run the station. Our packaging solutions offer multiple options including duplex printed cartons, corrugated cartons, flexible laminate pouches, paper bags, rigid boxes and much more.

Folding Cartons

Corrugated Cartons

Flexible Packaging

Paper Bags

Luxury Boxes
