**Contact Person** Agarwal Estates  
**Mobile Number**  
**Email** [marketing@agarwalestates.com](mailto:marketing@agarwalestates.com)

Agarwal Estates was established with a single mission: redefining trust in India's real estate sector. We are proud to be one of the pioneers of organized real estate services in the country. Housing all services under one "roof"-from buying, selling, and renting to home decor, loans, and expert real estate advice-we have been accredited with the world's most reputed quality management standard, ISO 9001:2015.

Based in Bengaluru, Agarwal Estates empowers customers to make informed decisions with our subject matter expertise. Founded in 2012 by Manoj Agarwal and muddled with untrustworthy realtors and subpar services, Manoj decided to take on the challenge of changing this perception head-on.

We're proud to say we are already on the path to achieving this goal.

- At the heart of our principles and values are trust and transparency. In an effort to empower our customers, we introduced the (Knowledge Empowers You) series, which offers a series of white papers on real estate processes, empowering informed decisions and building customer awareness.
