application of ai in agriculture

Address	18, Vaishali Nagar, Bhopal, Madhya Pradesh 462003
Contact Person	AgriDoot - By NovosEdge
Mobile Number	09429691650
Email	support@agridoot.co.in

AgriDoot is an innovative IoT device that harnesses the power of AI in agriculture to revolutionize farming. Using advanced sensors, it collects real-time data on soil health, weather conditions, and crop growth, ensuring precision farming. AI-powered analysis predicts irrigation needs, fertilizer application, and potential pest threats, providing farmers with actionable insights through agriculture apps in India. Designed for smart farming, AgriDoot helps maximize crop yield, reduce resource wastage, and enhance sustainability. Experience the future of AI-driven agriculture with AgriDoot and optimize your farm with data-driven decision-making!
