AV Veterinary Center is dedicated to providing advanced, compassionate care for pets with a strong focus on surgical excellence and overall wellness. Our team of **veterinary surgical specialists** delivers high-quality treatment options, including herniated disc surgery and cataract surgery for dogs, using modern techniques and equipment. We believe in a personalized approach, ensuring every pet receives the attention and care they deserve. From diagnostics to complex procedures, our skilled team is committed to improving mobility, restoring comfort, and enhancing quality of life. At AV Veterinary Center, your pet's health, safety, and happiness are always our top priority.
