## **Best Hair Transplant**

Address Contact Person Mobile Number Email 4th Floor, Above TVS Showroom, Beside S.R. Nagar Metro Station, S.R. Nagar ivies clinic

iviesc82@gmail.com

The results will be better if the surgeon is experienced in this type of surgery and has a large supply of grafts. The surgeon will also want to make sure that the patient has a good blood supply to the area. This reduces the risk of the patient going bald or developing thin hair over time. The surgeon will also want to make sure that the patient's head is shaped properly for the procedure.
