**BFC Capital Private Limited** - All Financial Solutions - BFC Capital is a pioneer in the wealth management space. We help you invest in a smart way. Stocks, FD, Insurance & Mutual Funds

### About the Company -

BFC Capital has been active in the wealth management domain since its inception in 2004. Initially, involved in the selling of investment assets, the company graduated to handing out client-centric investment advisory in 2010 through BFCIA, its wealth advisory wing. Presently, BFC Capital offers a wide range of services to its clientele, from corporate investment planning to treasury planning, financial planning, wealth management, the works.

We are easily among India's most promising wealth management consultants, with an AUM of more than 6.5 billion, a retail client base covering more than 700 households and over 150 institutional clients.
