Alpha revels in manufacturing premium quality bidets and offering customized bidet solutions for importers, wholesalers, brand owners and online sellers, etc.

From R&D, mold development, injection molding and assembly, our bidets are manufactured in-house, so we control all aspects of quality well, and can adjust and fix up any problems timely.

Our bidet manufacturing engineers are skilled at understanding your needs and making your ideas as real products as possible, to bring you consistent quality products, durability and cost-effectiveness.

Together with us, save your cost.
