At **Bodyassist**, we recognize the increasing need for innovative and therapeutic products that help people maintain their health and active lifestyles. This recognition inspired our journey and continues to drive our mission today.

Our Journey

Established in the early 1980s, Bodyassist began as a modest, privately owned company. From these humble beginnings, we have grown to become a leader in the Sports Medical, Health, and Wellness industries. Initially operating under the name New Horizons PL, we rebranded to Bodyassist Health and Wellness Pty Ltd in 2019 to better align with our vision.

Our Products and Reach

Our diverse range of products is distributed through a national network of hundreds of pharmacies and specialty medical stores. We are dedicated to expanding our product line with new and innovative solutions that offer firm support, unparalleled comfort, and a perfect fit. One of our enduring products, the wrist splint support (#260), has been a staple since the late 80s. It is proudly manufactured 100% in our Melbourne, Australia facility and continues to be a customer favorite.

Our Team and Customers

Our success is built on the hard work, determination, and caring attitude of our dedicated team and partners. We are also deeply grateful to our loyal customers, whose support has been instrumental in our growth and success.

Thank You

We extend our sincere thanks to everyone who has been a part of our journey. Your support and dedication have been vital to our success, and we look forward to continuing to provide you with the best in health and wellness products.
