**Email** brandzeducation@gmail.com

I am the proprietor of Brandz Education in Nashik, Mrs. S. V. Mahale. I founded Brandz Education with the goal of inspiring and positively influencing everyone who wants to learn Digital marketing, Web design, and development, as well as related topics. At Brandz Education, anyone with a passion for learning can take a variety of certification courses in areas like digital marketing, networking, SEO, SMO, and SEM. We place a greater emphasis on practice than theory. After completing, one can quickly obtain employment or engage in marketing for their own firm. For college students, working professionals, and company owners, we offer regular batches, weekend batches, and crash courses. Both online and offline classes are scheduled.
