Coral gemstone, also widely known as Moonga Ratan in Hindi, holds immense significance in Vedic astrology and is an extremely auspicious member of the nine Navratna gemstone family. This marine product commonly arises in two colors, Red and White. After red, Natural White coral is the second most popular form of the coral clan. Real White coral promotes financial stability and cures respiratory & blood-related ailments. It strengthens determination and is considered extremely beneficial for pregnant women and infants. Buy **Certified White coral online** at the most reasonable price.
