Based in Maharashtra, India, Contendre Solar is a top supplier and producer of solar panels. For both homes and businesses, we provide a variety of solar goods. In addition to other relevant products, we offer solar panels, solar inverters, solar batteries, and solar charge controllers. Our business is committed to promoting the use of renewable energy sources and aims to offer consumers high-quality, affordable solar solutions. The goal of Contendre Solar is to supply everyone with clean, sustainable energy for a better future. For the demands of our customers, we also offer bespoke solutions.
