Cozentus is a complete business solutions provider transforming operational productivity and efficiency of businesses across Supply Chain Management and Financial Services.

Operating globally, we bring you the best domain-specific expertise combined with digital transformation capabilities so your business can thrive in today's connected world. Our long-term partnerships and valued relationships provide the basis for fluid collaboration and an innovative solutions-orientated approach.

Our hybrid model of work, flexible working hours, and open-door policy ensure a positive work-life balance. We value quality work and understand the significance of a good balance of personal and professional life. Our hybrid teams are spread across India, working either from their homes or office locations that are preferable to them.
