DiabetesMantra is a global online diabetes care platform helping individuals manage and reverse diabetes with expert-led guidance. From Type 1, Type 2, gestational diabetes, and prediabetes to long-term lifestyle management, our personalized programs combine doctors, nutritionists, diabetes educators, and fitness coaches to deliver results. Operating in 20+ countries with a growing community of 50,000+ users, DiabetesMantra offers customized diet plans, exercise routines, medication guidance, blood sugar monitoring, and 1-on-1 coaching-all from the comfort of your home.

Backed by \$15M in funding from Impanix Capital, we're on a mission to make diabetes care affordable, accessible, and effective for everyone, everywhere.
