

DigiGo

Address	3rd Floor, Oyster Complex, Greenlands Road, Somajiguda, Begumpet, Hyderabad, Telangana
Contact Person	Aman Vath
Mobile Number	
Email	support@digigo.io

DigiGo is a smart software application that replaces manual ID verification at hotels, offices, hospitals, government organizations, and other facilities with secure face-based digital check-in technology. Users can onboard once using their government-issued ID and then enjoy seamless, contactless access across multiple locations and services through a single platform. Designed for speed, security, and convenience, DigiGo simplifies visitor management while enhancing operational efficiency and user experience.

Built for modern businesses and institutions, DigiGo enables users to walk in, unlock rooms, access facilities, order services, and manage their daily interactions directly from the app. The platform supports industries including Hotels & Resorts, Hospitals & Clinics, Manufacturing & Logistics, Corporate Offices, Education, Co-living & Serviced Apartments, Government Organizations, and Airports & Travel infrastructure, delivering faster, safer, and smarter digital access experiences across every touchpoint.
