The need for robust pre-engineered structures, along with the market's demand for continual structural excellence, encouraged us to establish Elements Prefab Pvt. Ltd. We deal into multiple pre-engineered building products such as PEB industrial structures, multi-story PEBs, PEB components, pre-fabricated pre-engineered building, mezzanine/ deck slabs, gantry girders, etc. Our Pre-Engineered buildings are customized to suit a wide range of applications in the industry and also proven beneficial for conventional structures. With our PEB solutions, we ensure the speed of construction, efficiency in cost, expansion flexibility, and high endurance from extreme weather conditions. We've been in the PEB business for over 10+ years now, and along our journey, we have built a strong reputation in the customized pre-engineered building market. We are proud of our pre-engineered buildings which are complying with all the ISI regulations. We ensure that every element of our pre-engineered building, right from its components, design, structure, and the material we use, are compliant to ensure absolute security. We deal with multiple pre-engineered building products such as PEBs, multi-story PEBs, PEB components, prefabricated pre-engineered building, mezzanine/ deck slabs, gantry girders, etc. Our solutions include PEB Manufacturers, turnkey industrial solutions, roofing solutions/ profiled sheets, and customized fabrication. Our result-oriented approach, along with a comprehensive range of services and products makes us one of the top PEB companies in Maharashtra and all over India and the most preferred industrial structural partners in India. We believe in supreme quality, more than anything else. We engage in empowering our diverse range of clientele with innovative, customized, and sustainable turnkey warehousing solutions. Our warehousing solutions involve designing, developing, and erecting, warehouses of various types and

turnkey fabrication Pune for different industries. For any queries feel free to write to us at [sales@elementsprefab.com](mailto:sales@elementsprefab.com) or visit our website <https://www.elementsprefab.com/> for the best PEB and Turnkey solutions.
