

# Evnity - EV Charging Management Software

**Address** 1002-1004, Avdhesh House, 10th Floor, Opp. Gurudwara, S.G. Road, Bodakdev, Ahmedabad, India-380054

**Contact Person** Sanket Thakkar

**Mobile Number**

**Email** evnity.marketing@gmail.com

Evnity is a state-of-the-art EV charging software and fleet management solution that empowers businesses to embrace electric mobility with confidence and efficiency. With a comprehensive suite of features and advanced technology, Evnity is designed to optimize every aspect of managing electric vehicle (EV) charging infrastructure and fleet operations.

At the core of Evnity is its seamless EV charging station management software, which enables businesses to monitor and control EV charging in real-time with EV charger software. From remote charging session initiation and monitoring to comprehensive analytics and reporting, Evnity provides businesses with the tools to efficiently manage charging resources, reduce downtime, and enhance operational efficiency.

Evnity, an EV charging management platform, also offers powerful fleet management capabilities, allowing businesses to track and optimize their EV fleets. From vehicle tracking and route optimization to driver assignment and scheduling, Evnity streamlines fleet operations and maximizes utilization, ultimately leading to reduced costs and increased productivity.

With sustainability at its heart, Evnity enables businesses to monitor and track key sustainability metrics such as energy consumption, carbon emissions, and fleet performance. This invaluable data empowers businesses to make data-driven decisions, set sustainability goals, and drive environmental initiatives.

In addition to its robust features, Evnity offers a user-friendly interface and seamless integration with existing systems, making adoption and implementation smooth and hassle-free.

Evnity is the ideal solution for businesses looking to transition to electric mobility, optimize their charging infrastructure, and streamline fleet operations. By leveraging the power of Evnity, businesses can embrace the future of transportation, reduce their carbon footprint, and contribute to a more sustainable world.
