At Dr. Best Hemato Oncologist / Hematologist / Bone Marrow Transplant Specialist, we specialize in the diagnosis and treatment of blood cancers, with a dedicated focus on leukemia. Under the leadership of Dr. SK Gupta, a leading leukemia specialist, our hospital provides expert care, state-of-the-art treatment options, and compassionate support for patients battling leukemia and other hematologic malignancies.

Leukemia is a complex type of blood cancer that affects the bone marrow and blood-forming tissues, leading to abnormal production of white blood cells. Early diagnosis and prompt, personalized treatment are crucial to improving outcomes. With over two decades of experience, Dr. SK Gupta is recognized as one of the most trusted leukemia specialists in Hyderabad and is known for his precise diagnostic skills and effective treatment protocols.

As a senior hematologist and hemato-oncologist, Dr. SK Gupta offers expert care for all major types of leukemia including:

- Acute Lymphoblastic Leukemia (ALL)
  - Acute Myeloid Leukemia (AML)
  -
-

## Chronic Lymphocytic Leukemia (CLL)

- Chronic Myeloid Leukemia (CML)

Whether you are newly diagnosed or seeking a second opinion, Dr. Gupta provides a comprehensive evaluation to determine the best course of treatment. His approach combines advanced chemotherapy, targeted therapy, immunotherapy, and, when necessary, bone marrow transplantation. He is also actively involved in clinical research and uses the latest international protocols to ensure every patient receives world-class care.

What sets Dr. SK Gupta apart as a top leukemia specialist is not just his medical expertise but also his compassionate approach to care. He believes in educating patients and their families, empowering them to make informed decisions about their treatment journey. Each treatment plan is tailored based on the patient's age, stage of disease, overall health, and lifestyle.

Our hospital is equipped with modern diagnostic laboratories, a sterile chemotherapy unit, an in-house pharmacy, and dedicated cancer support services. Patients are monitored closely throughout their treatment, ensuring they receive not only medical care but also emotional and psychological support.

Many of our patients come to us after being referred by other hospitals for specialized leukemia care. Dr. SK Gupta's reputation as a trusted leukemia specialist in Hyderabad attracts patients from across Telangana, Andhra Pradesh, and even other states. His high success rate, personalized attention, and commitment to long-term follow-up care have made our hospital a preferred destination for leukemia treatment.

If you or a loved one is experiencing symptoms such as fatigue, frequent infections, unexplained bruising, or swollen lymph nodes, it is important to seek expert evaluation. Early intervention by a skilled leukemia specialist like Dr. SK Gupta can make a significant difference in treatment outcomes.

Located in Hyderabad, our hospital offers both in-person consultations and virtual appointments for patients who are unable to travel. We also provide support for insurance claims, lab reports, and treatment financing, ensuring that patients and families can focus on recovery without added stress.
