Since its establishment in 2009, Gayatri Psyllium Industries has grown into a globally trusted name in the field of Psyllium (Isabgol) manufacturing and exports. Based in Unjha, Gujarat, India-the hub of psyllium cultivation and processing-the company specializes in producing premium-quality Psyllium Seeds, Husk, Husk Powder, and related products, along with Chickpea Flour (Besan) for international markets.

With over a decade of expertise, Gayatri Psyllium has successfully expanded its presence to more than 35 countries across North America, Europe, Asia, Africa, and the Middle East. As a Government of India recognized STAR EXPORT HOUSE, the company delivers products that meet stringent international food safety and quality standards, ensuring trust and satisfaction across global customers.

The company's mission is rooted in health, quality, and sustainability. By blending modern technology with traditional agricultural practices, Gayatri Psyllium provides natural, Gluten-Free, Non-GMO, Kosher, and Halal-certified products that support digestive health and fit into vegan, vegetarian, paleo, and keto-friendly diets.

## Our Products:

Gayatri Psyllium offers a wide range of psyllium and related products designed for industrial, pharmaceutical, and retail use. Each product is carefully processed and packed to retain its natural purity and nutritional benefits.

---

- Psyllium Seeds (Isabgol) – High-quality raw psyllium seeds used in pharmaceuticals and health supplements.
- Psyllium Husk – Rich in dietary fiber, used as a natural laxative and digestive aid.
- Psyllium Husk Powder – Fine powder for industrial applications in pharmaceuticals, nutraceuticals, and food products.
- Organic Psyllium Husk – Certified organic husk produced under strict organic farming standards.
- Organic Psyllium Husk Powder – USDA, NPOP, and EU-certified organic powder for premium export markets.
- Psyllium Kha-Kha Powder – A by-product of husk processing, widely used in cattle feed.
- EAGLE Sat-Isabgol (Retail Brand) – Consumer-packaged psyllium husk, available in pouches and sachets (10g to 500g).
- Chickpea Flour (Besan) - Gluten-free flour made from premium-quality chickpeas, ideal for food industries and retail.

## **Why Choose Gayatri Psyllium?**

Gayatri Psyllium Industries stands out as a trusted global supplier of premium-quality psyllium (isabgol) products for several key reasons:

- 
-

Global Recognition – Exporting to over 35 countries, with strong partnerships in the USA, Europe, Middle East, Asia, and Africa.

- Certified Quality – Products are Gluten-Free, Non-GMO, Vegan, Kosher, and Halal certified, ensuring global consumer trust.
- Customized Packaging – From bulk industrial supply to private label consumer packaging, tailored to client requirements.
- Sustainability Focused – Promoting organic farming, crop rotation, natural compost, and eco-friendly practices.
- Competitive Advantage – Timely delivery, competitive pricing, and uncompromised quality standards.
- Strong R&D Support – Continuous innovation in processing techniques, product applications, and packaging solutions.

## Infrastructure

The company operates with state-of-the-art processing facilities located in Unjha, Gujarat-India's largest psyllium-producing region.

- Advanced Manufacturing Units – Equipped with cleaning, de-husking, grinding, and sterilization machinery that ensures contamination-free processing.
  - Quality Control Labs – In-house laboratories for microbiological, chemical, and physical testing, ensuring international compliance.
  -
-

Modern Packaging Lines – Facilities for bulk packaging, consumer pouches, sachets, jars, and private labeling for international clients.

- Logistics & Warehousing – Large-scale warehouses with efficient storage and international-standard logistics to ensure timely export delivery.
- Organic Certified Farms – Supporting farmers with sustainable and organic farming practices, ensuring chemical-free cultivation.
