Great Tibet Tour is a local travel agency and tour operator located in Lhasa since 2005. It's recommended by Lonely Planet Tibet, in the 8th edition, 2011.

During the past 16 years, we keep running Tibet travel successfully including tailor-made private tour packages and join-in group tour packages. Thousands of travelers from all over the world became our guests and realized their Tibet dreams.

We serve every traveler wholeheartedly, you're our guest rather than a client. To welcome travelers all around the world, our travel experts designed various tour packages to meet different travelers' needs, interests, and budgets. Here you will find everything you need for planning and realizing your Tibet holiday.

Besides, choosing a local operator means choosing a reasonable tour price. If you sign up with intermediate agencies, you will be forwarded to the local Tibet tour operators to arrange your trip, as they are not authorized to get the permit or run a tour business in Tibet. And, we have to say, the unexpected instance occurs in every travel agency, even the best one. We hope all travelers could find the right Tibet travel agency that can offer both competitive prices and experienced customer services to deal with all emergencies.
