GroMo, a thriving fintech marketplace and app, is assisting Indian businesses in thriving and individuals in making money online. Are you a professional looking to start a side business or a student looking for a way to make money? The best place to begin is GroMo. More than a hundred various financial goods are available on the market from organisations like Bajaj Finserv, Axis Bank, Freecharge, Upstox, Kotak Bank, and others. Financial products such loans, credit cards, demat accounts, equities, investments, insurance, etc. are now available for sale.

More than ever, financial services are becoming digitalized. Unfortunately, not everything in the nation has access to the convenience of completing transactions with a single click. GroMo is committed to maximising usability and revenue-generating possibilities.
