<b>Contact Person</b>	ivies clinic
<b>Mobile Number</b>	
<b>Email</b>	iviesclinic330@gmail.com

There are a number of ways to perform a hair transplant, and numerous clinics from which to choose. Transplants may be performed by your dermatologist, a board-certified surgeon, a licensed hair transplant surgeon, a hair transplant surgeon, a hair restoration surgeon, or a dermatologist. Your best bet is to find a dermatologist or a board-certified surgeon that is affiliated with a hair restoration school. This affiliation will allow you to find a dermatologist with experience in hair transplantation.
