Spa Nest Come and visit us at our newly opened in Kothrud Pune.

Relax and unwind in our luxury suites. We always offer a safe clean environment for you to spend your precious time.

The aim of b2b massage is to relax the body, and clear the mind

Our regular clients tell us that we provide the best b2b massage Pune, has to offer.

Who knows whether this is true, but what we can say is that our masseuses are all qualified in regular massage.

They have taken their expertise into the erotic side of massage by learning body to body and tantric touching.

Combine all this into a super sexy sensual session, and you will find your self in heaven.

Performed by one of our stunning Nuru masseuses, the Naked Massage is a stimulating erotic experience that will leave you feeling relaxed and satisfied. With both you and your masseuse fully nude, you will be pampered using warm oils and a silky smooth body to body massage designed to delight the senses.
