Hi-Tech Transformers (I) Pvt. Ltd. is a leading manufacturer of reliable, cost effective and high quality ISI-marked Distribution and Power Transformers of upto 33 kV class.

The company caters to the Public and Private sectors all over India and offers a complete range of power and distribution transformers designed to grant the durability and efficiency required in utility, industrial, and commercial applications. The products are characterised by high reliability, reduced life cycle costs and ensure optimised performance.

Our Product Range includes:

- Distribution Transformers
- Power Transformers
- Furnace Transformers
- Isolation Transformers
- Auxiliary Transformers
- Completely Self Protected (CSP) Transformers
- Solar Application Transformers
- Wind Application Transformers
- Dry Type Transformers
- Mineral Oil / Natural Ester Filled Transformers
- Hermetically Sealed Transformers
- Special Purpose Transformers

The company employs latest software solutions along with the state-of-the-art manufacturing facilities, equipment and processes to ensure top of the line quality transformers. This is also highlighted by our lower than industry average failure rates.

The company is ISO 9001:2015 certified and an approved vendor and supplier of transformers to PVVNL, MVVNL, PuVVNL, DHBVN among other government electricity boards.
