As the world's leading Technology Company, HP impacts the lives of millions of people around the world. We create new possibilities with technology to have a meaningful impact on people, businesses, governments & society and make technology work for our customers. With the broadest technology portfolio spanning Notebooks, Desktops, Tablets and Printers, HP delivers the latest in technology and provides solutions to customers' most complex challenges anywhere, anytime. Established in India on November 8, 1988, HP India is one of the largest and most diverse sites for HP outside of the US. One of the largest technology providers in India, HP has helped power India's most critical installations and empower people with technology in everyday life. HP has wide network of retail stores comprising over 700 "Brand exclusive" HP World Stores, over 9000+ retail partners across the country in over 500 cities/towns, and a large service network. It operates in 20+ offices across India, with a large employee population. HP aims to deliver the best experience to customers every single time - at home, at work and on the go. An experience that is differentiated and customized. HP India is the No. 1 PC and Printer brand in India. The address of this store is Shop No. 22/A, Arcot Rd, Opp BSNL Office, Porur, Chennai, Tamil Nadu - 600116.
