INDO-AIR Compressors Pvt. Ltd, along with its associated group companies was established in 1977. We started as small-scale manufacturers of compressor parts for OEMs (Original Equipment Manufacturer). In 1998, we launched our own brand of compressors and vacuum pumps . We have products in a wide range, from 1 - 270 HP which have been in great demand in the domestic and international markets, as they are high in quality and very reliable.
