Our Company is a leading manufacturer of Combustion Safety, Control and Regulation equipment, with a specialization in Gas Fired Combustion. We are a 22 year young company with a State-of-the Art Manufacturing facility in Pune, India.

A wide range of Combustion Control products are offered by us including

- **Metering & Regulating Skid**
- **Gas Trains** for Gas Fired Furnaces and other heating equipment.
- Package Burners
- Fuel Gas Flowmeters and Totalisers
- Burner Flame Monitoring devices and System
- Gas Safety Components like Gas Pressure Regulators/ Filters / Gas Solenoid valves etc.
- Motorised Valves for Combustion Air, Fuel Oil and Gas Flow Control
- Gas Leakage detection devices

With a combined experience of a 40 member team of Engineers, Professionals and Technicians , we are perhaps one of the very few companies in the country, providing you the most innovative and suitable solutions to your burning requirements. We have a wide Customer and User base of around 700 customer across India, including some of the major OEM customers and Major manufacturing Companies.
