Established in 1986, the Indian Institute of Management, Centre for Distance Learning (IMT CDL) Ghaziabad, has been contributing to educational revolution in india for over three decades. It has been creating all round leaders in management and entrepreneurship by helping its students acquire the necessary skills in management. IMT CDL is offering a great opportunity of online management courses for the candidates who are unable to attend the classes physically. Distance Education offers several benefits of flexibility, professional upskilling and career advancement to the students. (1) PGDM-Two year Programme, (2) PGDM-executive, and (3) PGCM are the popular programmes of IMT CDL.
