Dr. Deepak Agarwal is a highly skilled Interventional Radiologist in Jaipur, specializing in minimally invasive, image-guided treatments for vascular and non-vascular conditions. At AEIRC (Advanced Endovascular & Interventional Radiology Center), he offers advanced procedures such as varicose veins treatment, varicocele embolization, uterine fibroid embolization, and peripheral artery interventions- providing patients with precise, effective care without the need for open surgery.

Situated at VT Tower, opposite HCG Hospital in Mansarovar, AEIRC is equipped with cutting-edge technology dedicated to interventional radiology. With a focus on patient comfort and faster recovery, Dr. Agarwal combines clinical expertise with compassionate care to deliver exceptional outcomes. For those seeking expert, non-surgical solutions, Dr. Deepak Agarwal is a trusted name as an Interventional Radiologist in Jaipur.
