Lifecare Neuro Products Limited is a Registered Indian Pharma Company engaged in the manufacture and marketing of Pharmaceutical formulations. Located in the largest Pharma Hub of Asia, in the Special Economic Zone of Baddi, Himachal Pradesh, India, the Company has made a name for itself for its quality and range of products. Lifecare is specially recognized for the Neuro and Psychiatric medicine segment, in which it specializes.

Lifecare, incorporated in the Year 1994, had a modest beginning. The promoter and visionary, Shri Yogendra Somdutt Chopra, has an experience of over 40 years in the Pharma Industry. He established 'Lifecare', a Company that would manufacture quality medicines similar to those made by the best global pharma companies, and make them accessible to small and big customers alike, in India and abroad. Today, because of its base of satisfied customers, Lifecare is a fast expanding Pharma organization having over 400+ registered brands, and is steadily working to make a presence across the Globe.

The Company also caters to demand from Command Hospitals (Army), Railway Hospitals, Centre and State Health Departments. Besides manufacturing its own brands for marketing and franchise partnering, Lifecare is also engaged in Third Party / Loan License manufacturing for many Pharma companies.

Lifecare's manufacturing unit is WHO- GMP compliant/certified, using modern technology and equipped with contemporary machines and instruments. At Lifecare we believe in weaving in business ethics in all our endeavours and continually updating and upgrading to deliver a uniform quality that surpasses industry benchmarks.
