MantraAssist is here to make healthcare operations smarter and simpler for doctors and clinics. With 500+ healthcare partners globally, we provide AI voice agents that automate patient calls, intake, scheduling and reminders-helping medical teams save time and improve efficiency.

Our advanced system integrates seamlessly with leading EHRs and practice management tools, offering 24/7 support through voice, text and email. From handling daily administrative tasks to enhancing patient communication, MantraAssist is your trusted digital assistant for a smoother, more connected healthcare experience.

Backed by \$15M in funding from Impanix Capital, we are committed to making healthcare automation accessible to every clinic, hospital and healthcare professional.
