At **Navratan** we have a pool of professional in-house artisans that are experts in creating gemstones with beauty and power. The gemstones are made naturally by Mother Nature, which is later crafted and bought to life by our professional artisans. We have a collection of precious and natural gemstones that are collected from various parts of the globe and then brought under one roof together. The magnetic power of the 9 planets got popularity in the courts of Akbar The Great who was blessed with a rich heritage of India. `
