Established in 2007, **OnGraph** is an award-winning end-to-end product development company. Being Top ranked on leading platforms like Clutch, UpWork, & AppFutura till date, we have developed 2000+ world-class solutions that adhere to engineering best practices and deliver engaging user-experiences, some of which have gone on to raise multi-million dollars of venture capital and reach millions of users. OnGraph has grown from 1 to 200+ in the last 10 years of business purely based on single sole focus - 100% customer success - driven by deep technology expertise, complete accountability, and remarkable processes. With an exceptional client retention rate of over 92%, we have a remarkable track record of having served clients across the world. Our adept team of 200+ industry experts has strong expertise in various industry-standard technologies along with niche emerging areas including BlockChain, Analytics & Visualization, IOT, ChatBot, VoiceBot, AI, ML, AR. We provide deep expertise across iOS, Android, HTML5, NodeJs, ReactJs, and other web and mobile platforms. With global presence in the US, UK, Canada, Malaysia & Singapore, and 2 state-of-the-art development centers in India, OnGraph is one of the most sought-after company to work for, trusted by 400+ customers across the world.
