Our company provides loan to be accessed worldwide. This is a way to assist in cushioning the negative effect on businesses the pandemic has killed globally.

Knowing that you may be/have potential clients with interest in applying for loans for their viable projects or refinance such as: Energy renewable projects, mining projects, Medical and Health care projects, Real estate projects, start-up projects, agricultural projects and business expansions in general. Lease and/or Purchase of Bank Instruments like SBLC and LC are also available.

We also appoint representatives on commission basis.

Contact us if you need any of the above mentioned services
