Nature's Nectar, an initiative of the Kejriwal Group, has been a trusted name in the food industry since 1967. As India's first and largest honey exporters and the world's first 'True Source' certified company, we are committed to delivering 100% pure and natural honey to quality-conscious consumers worldwide. Our honey is NMR tested, free from synthetic C3-C4 sugars, antibiotics, pesticides, and chemicals, ensuring the highest standards of purity and safety. Sourced ethically from certified beekeepers in the Sundarbans-the world's largest mangrove forest-our raw and unprocessed honey is traceable to the beehives, reflecting our dedication to sustainability and authenticity. At Nature's Nectar, we believe in the power of nature's sweetness to enhance health and well-being, offering products that are not only delicious but also beneficial for digestion, immunity, and overall vitality
