Rain caps are hinged covers that prevent precipitation and foreign objects from entering the exhaust system while still allowing exhaust flow to exit.

- Invicta offers an extensive selection of rain caps for exhaust systems.
- Our rain caps are available in Zinc Plating, Stainless Steel 304, Stainless Steel 316, Powder Coating, and Chrome Plating
- Invicta offers rain caps in multiple designs and sizes to ensure effective performance.
- Our choice of high quality materials ensures low risk of stress during exhaust gas flow.
- By request, custom sizes can be produced upto 500mm.
- The choice of rain cap should be made according to the exhaust pipe diameter.
- All rain caps are produced in-house at our dedicated factory in India.
- Quick Short-Term deliveries are possible due to our large stock.
- All rain caps are supplied together with Bolt, Nut, and Washer
- Our noiseless/silent rain caps are rattle resistant.
- Our rain caps are suitable for use in passenger vehicles, commercial vehicles, construction equipment, tractors, farm equipment, and generators.

OTHER FEATURES

- Minimal Restriction to Exhaust Flow
- Counter-weighted for optimal performance
- High-heat black powder coating can be provided.
