Roastea is India's fastest growing beverage brand with a pan-India presence and various business verticals. Our vision is to become an unparalleled omni-channel beverage brand that is a one-stop shop for all beverage ;

One of our fastest-growing verticals is vending solutions. Roastea Vending Machines breaks a long-running notion that beverages from machines do not taste authentic as we serve our beverages with the goodness of only fresh milk.

Our vending machines are the perfect balance of technology and ;

Experience the world of automated brewing with the smartest consumer tech machines. Introducing the most user-friendly, seamless, and effortless beverage ;

Here's why we are a beverage revolution

## Smart Technology

Crafted with the best-applied technology and backed with cloud-based IoT that guarantees a perfectly satisfying brew every time. Phenomenal capacity, contactless dispensing, and optimum serving per cup are the qualities that give us an edge and make us stand out.

## Taste

---

Beverages are served with an uncompromising quality of taste made from only fresh milk and other ingredients. With the usage of only natural extracts and no added preservatives, premixes, or additives we break the notion of machine beverages tasting less authentic.

#### Theme

Sleek, classic, and intuitive are the words that best describe our beautifully designed vending machines. The minimal theme makes your machine the most simple, user-friendly, and effortless technology available in any ;

#### Our Promise

We as a brand aim to serve a satisfying sip to all our users and make their work breaks a time that they look forward to.
