E-Waste Management Rules 2016 is more stringent than before. Due to this, the E-waste generated in Companies, Industries, and Institutions, needs to be disposed of by Government Authorized E-Waste Recycler. This is where Zolopik is here to support you.

Zolopik electronic recycling services will help you to dispose of all your electrical and electronic scrap legally with 100% compliance generated from corporates— with certification to prove your electronic waste has been legally disposed of. Our versatility and expertise in the field of E-Waste recycling enable us to provide a first-class experience to our clients.
