Stonex India has transformed the stone industry in the past two decades. It is a leading organization in the imported natural stone category over 500 stone variants from the finest marble curated from around the globe (Italy, Spain, Greece, Brazil & Turkey). Stonex operates one of Asia's best manufacturing facilities - a state-of-the-art Stone Reinforcement System (SRS) technology that comprises an 8-step process to protect the structural quality and integrity of marble to make it timeless. Stonex products are a top favourite amongst India's leading architects and interior designers.
