<b>Email</b>	superauto2004@gmail.com

We at Super Auto Industries are leading Manufacturers of Forging Components dealing in number of forging products. Huge experience in the field of forging for about 15 years makes us the most preferred industry for your forging needs. All the forging parts manufactured at our facility goes through a rigorous quality inspection steps to ensure our customers get the best quality products for their needs.

Our company is certified with ISO 9001 as per BSCIC NABCB QM 030 and also NSIC-CRISIL Rated. We are involved in manufacturing of closed die forgings which can be supplied as Forged + Heat treated + Machined. Total Quality Management is our likely objective to ensure proper control of all the processes for preparing the final product. Due to that, our customers are fully satisfied with the quality of products which we deliver to them.

In addition to Total Quality Management, we are constantly thriving to bring about changes and improvements in the current manufacturing process while following the guidelines of Kaizen. It helps us to have a deeper insight into each and every processes and bring out the best by making suitable changes whenever necessary

You can also visit our website to have more detailed glimpse in the kind of products which we are handling and supplying to our targeted customers. Range of products delivered depicts the wide variety of designs which we have dealt for manufacturing of the forging parts. It makes us the most preferred choice to have in hand even the most complex parts to be manufactured with quite an ease. Even find our detailed brochure attached with the mail to provide you more insights into the functioning of our industry.

---
