**The Children's Hospital Mumbai, Malad** is a premier pediatric healthcare facility offering specialized care for children of all ages. With a team of board-certified pediatricians and child specialists, we provide comprehensive medical services tailored to meet the unique needs of every child. From general pediatric care to specialized treatments for acute and chronic illnesses, including neurological disorders, cancer, and cardiac conditions, we are committed to ensuring the health and well-being of our young patients. Equipped with state-of-the-art technology including advanced robotic ventilators and neonatal transport incubators, our Pediatric Intensive Care Unit (PICU) and Neonatal Intensive Care Unit (NICU) offer round-the-clock monitoring and care for critically ill children. Our mission is to provide compassionate, personalized care to every child, ensuring their health and happiness from infancy through adolescence.
