Government College for MBA are accepting applications, candidates are required to pay a specific amount. The financial resources are also important. Most students are aware of the huge amount of fees that goes into doing post-graduation in **Management Institutes of India**. Most of the times, students avail the facility of loans from banks. But, to have the access to taking loan, one needs to have certain amount of existing financial resources.

Funds are also important to get into a good institute to prepare for **CAT, NMAT, SNAP** and other entrance exams. This aspect is of less importance as compared to the others mentioned.

Many students are not aware of this. But, this plays a role in getting a student a chance to enter big **MBA colleges**. After the entrance exams take place, one has to appear for GD (group discussion) and PI (personal interview). This is where personality comes into play.
