You all must have heard about this very famous 25 years old brand **UTL Solar**. This company was established in 1996 by two extremely proficient engineers. Mr. Yogesh Dua and Mr. Pawan Garg saw this dream together 25 years ago from now, their belief in the vision and mission of the company has made UTL Solar one of the leading brands in power generation & power backup in India. UTL Solar has 4 manufacturing units, the company excels in manufacturing all types of solar products including solar panels, inverters, batteries, and all types of solar power systems for home and business. The company has a strong chain of dealers and distributors across the globe and a highly motivated workforce. UTL Solar offers excellent Research & Development services through a team of more than 100 R&D professionals. The company exports UL / CE Certified products along with R&D services to various countries including the USA, UAE, Nigeria, etc.

UTL Solar has over 1 Crore satisfied customers, not only do the 2000+ employees believe in the company's affirmation, but the company makes sure that the 1000+ dealers take pride in being a part of the growing family. UTL Solar has 1100+ per day production capacity which is expanding day by day.

UTL Solar's Vision

UTL's mission is to develop value for money, and world-class products to provide excellent service to its customers worldwide.

UTL Solar's Mission

UTL has a clear vision to double its reach globally every second year.

Some Remarkable Milestones Covered by UTL Solar are as follows:

- 1st Indian SMT Inverter in the year 2000
- 1st Indian Single Card inverter solution
- 1st Indian Sinewave Inverter with inbuilt Stabilizer
- 1st Indian manufacturer, to develop High-Frequency Online UPS
- UTL rMPPT, 1st Indian PCU that has all configurations available on its LCD itself
- 1st Online UPS in which charger, Inverter Card & IGBT are on one single card

UTL Solar offers an extensive range of products including Online UPS, Offline UPS, rMPPT Solar PCUs, Home Inverters, Solar Panels, Solar Tubular Batteries, SMU (Solar Management Unit), Solar Charge Controllers, enabling us to accommodate all the needs of our customers up to their full satisfaction.

UTL offers the best **solar solutions**. You must have come across the term 'solar energy, energy from the sun that we get in the form of sunlight is converted into electricity with the help of **solar panel** and **solar inverter**/ PCUs. The current generated by solar panels is DC which is run through the inverter to convert it into AC, this current can be used to run electrical appliances.

UTL **Off grid Solar Inverter** like Shamsi Inverter, Heliac Inverter, Gamma+ Inverter, Gamma+ PCU & Alfa+ Solar PCU have power backup.

UTL **On grid Solar Inverter** like String Solar can send the extrasolar electricity generated to the electricity board.

UTL **Hybrid Solar Inverter** like Sigma+ are smart inverters that are a combination of off-grid and on grid

inverters.

Our Best-Selling Products

From the last 10 years rMPPT SOLAR PCU is No. 1

UTL Solar manufactures a wide range of products ranging from 675VA to 120KVA it is known to be One Stop Solar Solution Shop. UTL Solar's best-selling products are mentioned below:

Shamsi: Shamsi solar home PCU has been manufactured to fit customer's budget, it has an inbuilt PWM (pulse width modulation) charge controller

Heliac: Heliac solar inverter is a pure sine wave solar home PCU and is available from 850VA to 3500VA

Gamma+: Gamma plus solar inverter is a pure sine wave inverter with an inbuilt rMPPT charge controller that is more advanced than MPPT charge controllers. With the rMPPT solar technology, Gamma+ inverter saves 30% extra solar energy

rMPPT PCU: Available in 1KVA to 120 KVA Solar PCU in rMPPT technology (Rapid Maximum Power Point Technology) and is mainly used in Hospitals, schools, industries, petrol pumps, banks, and also in the residential segment

C10 & C20 Tubular Batteries: Available in 40AH to 235AH

Solar Panels: Poly and Mono Perc Available in 40W to 540W

Solar Structure: Hot dip galvanized solar structure available for residential and commercial projects with 10 years on-site warranty*

PWM & rMPPT Solar Management Unit: UTL Solar SMU turns your existing inverter into a solar inverter that you can run easily just by installing solar panels

7 years back the people who took UTL Shopeee have grown to become distributors today and are able to do a smooth sale of Rs 1 Crore every month.

Distributorship Benefits:

- UTL provides a trained Sales cum Collection manager
 - Half the salary of the SCM with travel allowances
-

- Free Freight on Road*
- Service Hub
- Sales Inquiries
- Dealership Inquiries
- PR
- Exclusive schemes & Existing dealers.
