Our story began in 1996, at the threshold of a new era in Indian logistics. Since then, Varuna Group has operated with the principles of customer-centricity, operational excellence and transparency, partnering with supply chain leaders to manage their end-to-end logistics operations with the aim of reducing the effective landed cost of products. Every day, our 1500+ trained specialists in 60+ branches and 24 warehouses work with utmost dedication and an unparalleled zeal to deliver excellent service and exceptional savings, leading to true value creation for our clients.

At the heart of it, is our unwavering commitment to integrity, dependability, excellence, and high ethical standards. These beliefs have inspired the values that guide us and empower us on our way forward.
