Viva aluminum composite panel is a leading manufacturer and supplier of metal composite that includes products like ACP sheets, Zinc Composite panels (ZCP sheets), and honeycomb panels. Our product range consists of over 300 shades and designs that imitate the look and texture of materials like stone, wood, rusted iron, and mirror. With 6 Korean state-of-the-art machinery and over 11,000 sq. ft production capacity, Viva is the largest manufacturer of ACP sheets. Our products are available across the world as we export to countries like Kenya, Vietnam, Saudi Arabia, Qatar, Egypt, and Nigeria. Head over to Viva's official website to learn about product specifications and details.
