Welcome Cure is among the largest online treatment platforms that provide end-to-end Homeopathy treatment solutions which includes doctor consultations, doorstep medicine delivery, digital storage of health records, and personalized diet & lifestyle advisory.

With more than 250 senior and experienced homoeopathic doctors on our panel, Welcome Cure has a patient-base in over 36 countries and provides personalized & individualized treatment for over 100 diseases using safe, side-effect-free Homeopathy.

We are the most premium healthcare partner of the Govt. of India's (GOI) – Digital India program with their CSC SPV wherein we have treated more than 1.5 lacs patients in the last 18 months.

The rural outreach of our brand and services is so well appreciated by the government that this calendar year we are in the process to treat over 1 million patients.

The successful CSC partnership has encouraged us to write to Store King as we feel together we can replicate the success of our rural healthcare model with you'll like as have with GOI/Digital India.
