At Zimyo, the vision is to empower thousands of organizations across the world to offer true employee experience to their employees, helping them get the best out of their workforce, drive higher engagement, and build a differentiating human capital advantage.

With their robust HR solutions, organizations have experienced reduced employee attrition, increased retention, and employee engagement by

Some of the prominent customers include Bajaj Capital, Riskcovery, Payphi, YAP, Mecamidi and many more.

The streamlined Performance Management System helps you align organizational goals with individual employee goals to boost productivity. It also enables HR Managers to make informed choices while awarding appraisals.

From sourcing candidates to salary discussion and finally onboarding, all steps can now be performed on a single platform.

We offer Geo-fencing, web clock-in, employee attendance tracking, and various other features to get your employee attendance automated. Our integrated attendance and payroll system helps to generate salaries just with one click.
